

## Registering for a **Seller Account**

**Step 1)** Select Seller Account and fill in all information.

You will receive **two emails**. (**Check your spam folder if not received**)

*This email will ask you to click a link to verify your email.*

**Step 2)** Click the link to verify.

*The second email welcomes you to the My Home School Family and gives you your username. **Do not** try to log in from the link in that email. That is just a link to go to if you ever forget how to get to your dashboard. This link will not work until you have logged in for the first time.*

**Step 3)** Use the username from the second email along with the password you created and enter that in the Sign In location.

*Enjoy your new community here at*
